"The Mayor"
Municipal Offices
37 Main Street East, 3rd Floor
Huntsville, ON.

My wife Pat and I are new residents of Huntsville. We received a letter from your office asking residents to contact you with suggestions for the community.

We have 3 suggestions for recreational facilities :-

1. Lawn Bowling Greens.
2. Bocce Courts.
3. Pickle Ball Courts.

Lawn Bowling has become a very popular sport for young and old alike. Bocce is being enjoyed by all ages when groomed courts are available. Pickle Ball courts are attracting large numbers in the south, and are usually built alongside tennis courts. Huntsville could lead the way in providing these facilities.

We will not be home until April. Otherwise, we would be pleased to attend the meeting of the Master Planning Committee. We are both enthusiastic about our move to Huntsville. It is very encouraging to read about the vision you have for the community.

Yours truly,

Gordon and Pat
