

Open House

to present the revised draft

Official Plan Vision, Goals, and Objectives

The Official Plan is being reviewed, and we need your input!

The Town is reviewing its Official Plan; a document used to manage growth. The current Vision developed in 2006 is the foundation for the existing Official Plan. As the Town continues to mature, we must regularly revisit the Official Plan to ensure that we are realizing the collective Vision and responding to our community's needs. It also provides an opportunity to obtain input on Official Plan policies related to land use, growth management, environment, transportation, servicing, heritage, and other matters.

Our first step was to review the Vision, as well as the Goals and Objectives in the Official Plan and obtain input on how they should be updated. Public workshops were held in Utterson and at the Summit Centre in late October 2015 to understand from residents and business owners how they see the Town in 20 years, and what should be protected. These sessions were very well attended and we received over 300 comments as well as over 100 questionnaires. Based on the input received, we have proposed a new draft Vision, and revised Goals and Objectives. As a result, we need to know if the proposed Vision, Goals, and Objectives accurately reflect what we heard.

The Open House will include:

- An open session where participants can review the draft Vision, Goals, and Objectives, and talk to staff;
- A brief presentation providing an overview of the project, the process that we followed to review all of the information received on the Vision sessions, as well as the proposed Vision, Goals, and Objectives; and
- An opportunity to provide input on the information presented.

The Open House will be held:

Active Living Centre, Multipurpose Room
20 Park Drive, Huntsville ON P1H 1P5
February 2nd, 2016 • 6:00pm - 9:00pm

For more information on the project, and to review materials, a webpage has been set up at huntsville.ca/opreview. Please also follow us on Twitter (#planhuntsville) and Facebook (<https://www.facebook.com/townofhuntsville>) to provide input throughout the process.
