

The first 12 properties listed here NUMBERED 1 THROUGH 12 are Designated Heritage Properties via Town of Huntsville Municipal Bylaw(s) under the authority of the Ontario Heritage Act. Information on each of these 12 properties was sent to the respective property owners August 2015. Owners of these 12 properties - and any properties legally designated in the future - must apply for and receive a Heritage Permit (whether or not a Building Permit is required) to make certain alterations to their property. Regular repair and maintenance does not necessarily require a Heritage Permit. Alterations requiring a Building Permit will only be considered if a Heritage Permit has first been duly issued if required. Property owners should contact the Town to determine all these requirements.

Please see The Town of Huntsville [Designated Heritage Property Policy and Procedure, 2016](#) located on the Arts, Culture & Heritage page of the Town of Huntsville website. Properties listed on this Heritage Register numbered from 13 to the end are NOT designated under the Ontario Heritage Act. No Heritage Permits are required for alterations to your property, providing that you are not proposing demolition. There are no legal restrictions listed on title. The only restriction for a listed heritage property, which has not been designated, occurs if you intend to demolish or remove the structure(s) on the property. Under that scenario, the property owners must provide the Town 60 days notice of their intent in writing in order that Town staff may better assess the heritage significance of the property before any decision on the intent to demolition or remove a building is made by Council.

In the near future, there will be an interactive map layer on the Town of Huntsville website where you can see map the location of these properties. We hope to post as much information to help residents now and in the future to be aware of, understand, respect and protect The Town of Huntsville's rich heritage.

With thanks to Huntsville Heritage/LACAC from 1986 to 2005.
