

170 Stephenson Rd. 1 West

Wild fire info:

NE corner of the modular would be in the fire zone (approx. 9m²)
S > 30 m of the modular
W - 20 m
N - 18 m } These measurements are
E - 1.5 m } the furthest points away
from the fire zone.

* Please consider that trees need to be removed to accommodate the modular, leaving at least 18m to the E lot line and at least 10m to the N, removing the modular from the fire zone.

shaded area is
"high" wildland
fire risk
